Las 6 maravillas del e-mail marketing

Rapidez en la comunicación

El correo electrónico llega a su destinatario de manera inmediata e instantánea.

Es un medio directo

El email llegará directamente al destinatario evitando que el mensaje se pierda por el camino.

Es más económico que otros medios

Son campañas publicitarias económicas, la inversión a realizar no es muy alta.

Nos permite segmentar a nuestro público

De esta forma llegaremos a los usuarios que realmente estén interesados en nuestro producto o servicio.

59 Favorece que se viralice el mensaje

Si te gusta el contenido del email es muy fácil que se lo envies a tus amigos o que lo compartas en tus redes sociales.

69 Podemos medir los resultados en tiempo real

Cuántas personas abren el email, cuantas hacen click en los enlaces, Cuantos correos nos han llegados a sus destinatarios...
